

Product Name AureaGlow | Golden Waterproof Outdoor Wall Light

Style Modern / Linear

Power Supply Hardwired

A slim linear wall light in a golden baked aluminium finish, the light coming from a recessed channel down the middle so the frame stays visible as a warm metal edge.

Six lengths from 300 mm to 1200 mm, all 80 mm wide, so a run can be scaled to a door, a panel or a whole facade.

Three colour temperatures, remote dimming, and IP65 protection for exposed walls.
