Product Name	Fountain Lights — Stainless Steel Underwater LED Ring Light, 12V IP68
Style	Modern
Power Supply	Hardwired · 12V AC/DC low voltage — transformer not included

A stainless steel ring fountain light that sits under the water and lights each jet from below as it rises through the open centre.

Four sizes from 6W to 18W, in cool white (6000K), warm white (3000K) or RGB multicolour, with a tempered glass lens.

Rated IP68 for continuous submersion and run on safe 12V low voltage; the transformer is wired by a licensed electrician.

Basic Product Information

Product Code	AVD-FNTL · 6W
Product Type	Underwater Lights
Power Supply	Hardwired · 12V low voltage
Product Colour	Stainless steel / black

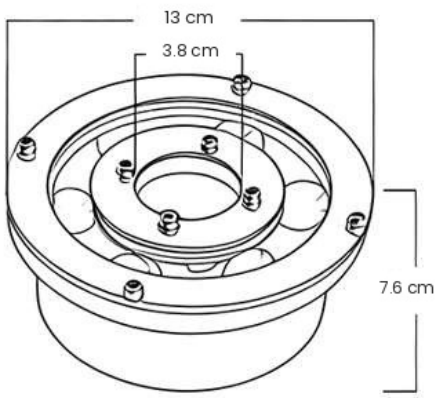

Product Details

Material	Tempered glass, stainless steel, aluminium alloy

Core Specifications

Height	7.6 cm
Width	13 cm
Depth	13 cm

Basic Product Information

Product Code	AVD-FNTL · 9W
Product Type	Underwater Lights
Power Supply	Hardwired · 12V low voltage
Product Colour	Stainless steel / black

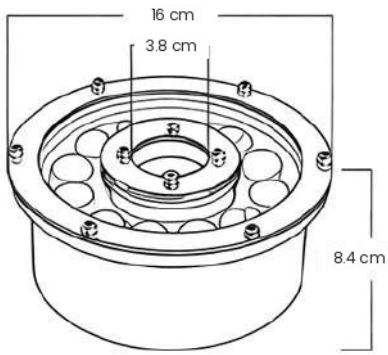

Product Details

Material	Tempered glass, stainless steel, aluminium alloy

Core Specifications

Height	8.4 cm
Width	16 cm
Depth	16 cm

Basic Product Information

Product Code	AVD-FNTL · 12W
Product Type	Underwater Lights
Power Supply	Hardwired · 12V low voltage
Product Colour	Stainless steel / black

Voltage	12V AC/DC (low voltage) Transformer not included
Light Source Type	LED
Light Source Included	Yes
Colour Temperature	3000K, 6000K or RGB
Dimmable	No
CRI	80
IP Rating	IP68

Quality Check & Installation

Installation Method	Flush mounted — sits on the floor of the fountain or pool; transformer wired by a licensed electrician.
Application Scenarios	Fountains, pools, ponds, water features
Product Accessories	Fountain light ×1
