Product Name	Glowing Mushroom Garden Lights
Style	Modern
Power Supply	Solar powered — no mains wiring | Hardwired · DC 12V via garden transformer

A wide acrylic disc glows warm white on a curved stainless steel stem, so a drift of these lights reads like luminous mushrooms above the garden bed.

Choose the solar version, which charges by day and lights itself at night, or the hardwired version running from a DC 12V garden lighting transformer.

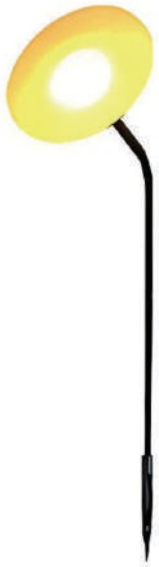

The IP65 rated stainless steel and acrylic build shrugs off rain and sprinklers, and the pointed stake pushes straight into lawn or soil in seconds.

Basic Product Information

Product Code	AVD-GMGL
Product Type	Novelty Lights
Power Supply	Solar Powered
Product Colour	Orange

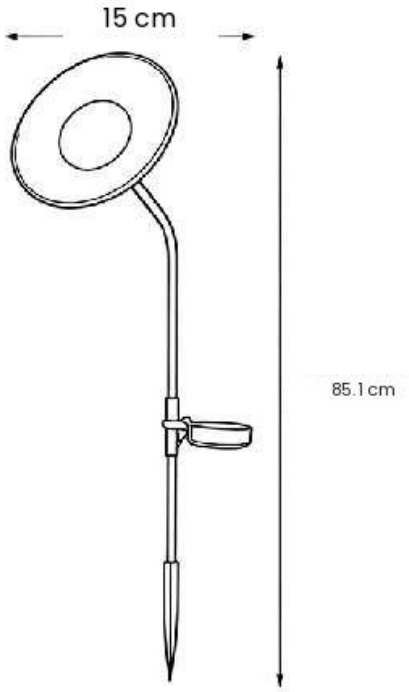

Product Details

Material	Stainless Steel

Core Specifications

Length	85.1 cm
Width	15 cm
Depth	15 cm
