Product Name	LED Step Strip Light — Flexible IP65 Silicone Stair Lighting, 24V
Style	Modern
Power Supply	Hardwired · 24V low voltage via transformer (AC 220–240V, 50Hz input)

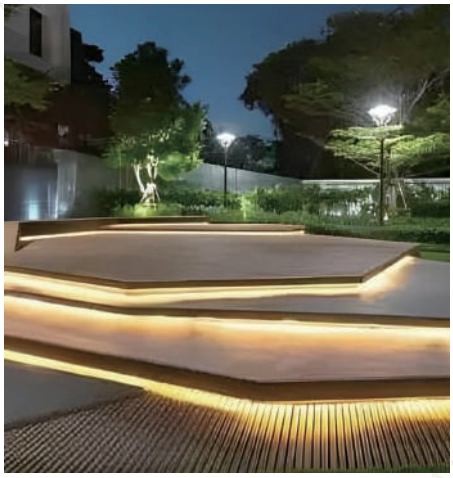

A flexible silicone LED strip with a soft, frosted face that lights stair treads, terrace edges and garden outlines in one smooth, dot-free line.

It bends by hand to follow curves and cuts at marked points. Choose 3, 5 or 10 m in warm (3000K), neutral (4000K) or cool white (6500K).

Runs at safe 24V low voltage through a separate transformer, uses 10W per metre and is rated IP65 for outdoor steps and terraces.

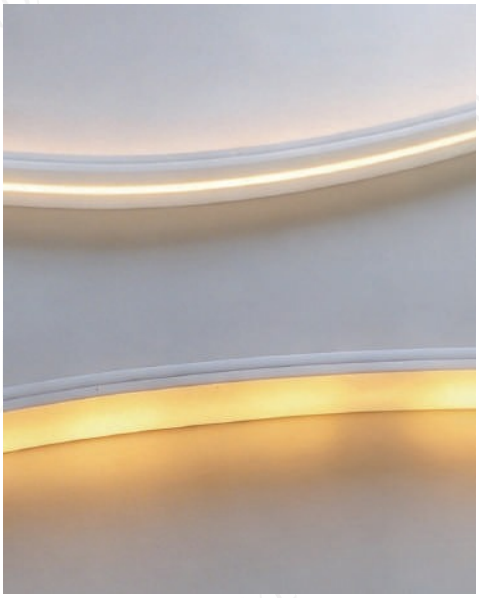

Basic Product Information

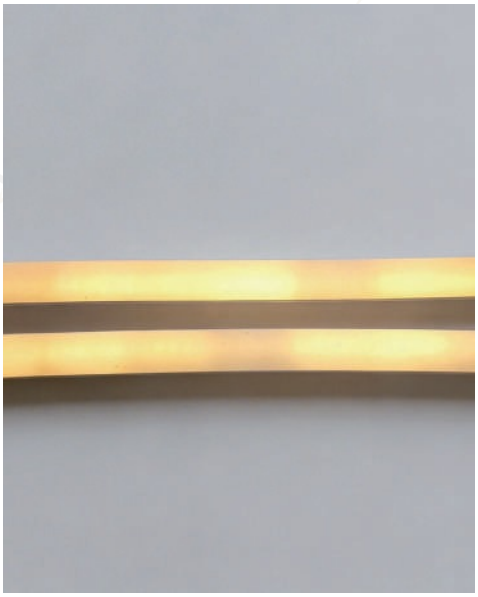

Product Code	AVD-LSSL
Product Type	Step & Deck Lights
Power Supply	Hardwired · AC 220–240V, 50Hz
Product Colour	White

Product Details

Material	Silicone gel

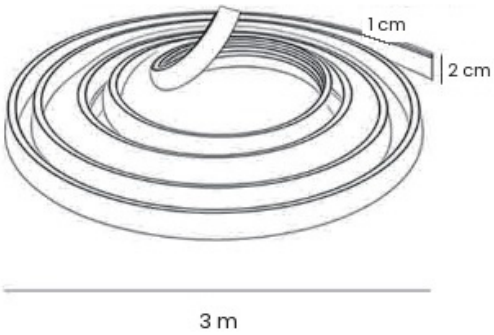

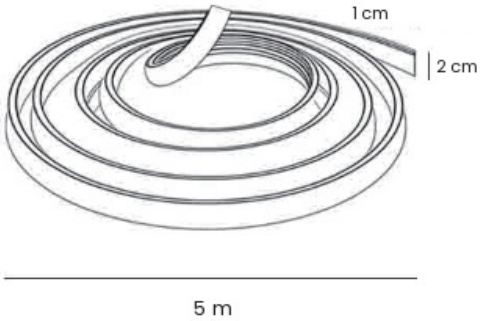

Core Specifications

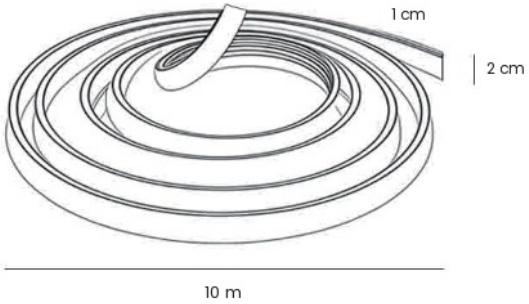

Width	2 cm
Length	300 cm
Height	1 cm

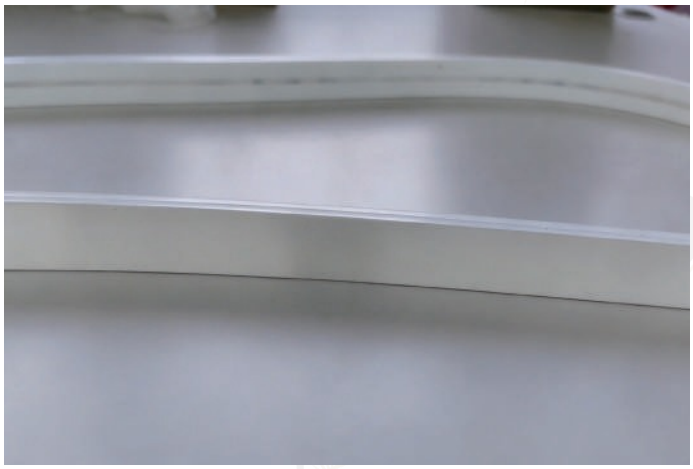

Width	2 cm
Length	500 cm
Height	1 cm

Width	2 cm
Length	1000 cm
Height	1 cm

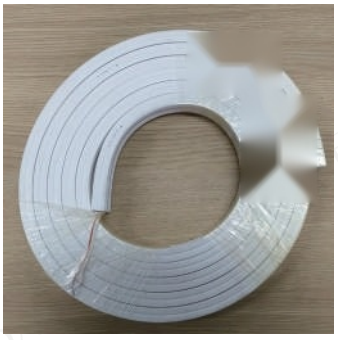

Voltage	24V
Light Source Type	LED Strip Light
Light Source Included	Yes
Colour Temperature	3000K/4000K/6500K
Dimmable	Yes
CRI	80
IP Rating	IP65

Quality Check & Installation

Installation Method	Surface mounted: fixes flat to the step surface with adhesive tape or clips, no grooving needed. Suits step surfaces or vertical faces.
Application Scenarios	Outdoor steps, stairs and terraces
