Product Name	LED Wall Art — Geometric Wave Backlit Wall Light
Style	Modern
Power Supply	Battery / USB rechargeable

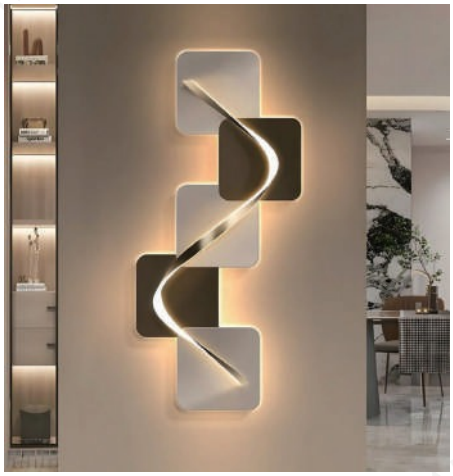

A flat geometric artwork with a flowing S-shaped wave, lit from behind by a hidden LED strip so it floats on a soft halo of warm light.

The density board panel comes in three styles and three sizes from 80 to 150 cm, and hangs upright or sideways on a feature wall.

Runs on low-voltage DC 5V via USB with a push-button switch, so no electrician is needed. Designed as decorative mood lighting.
