

Product Name Luminara | Minimalist
Waterproof LED Lawn Light

Style Modern / Nordic

Power Supply Hardwired or Solar

A square lawn and pillar light in stainless steel with a soft PE shade, the light diffused through the panel rather than thrown straight out of a lens.

Three sizes and two ways to power it — solar for posts with no cabling, or hardwired where there is already a supply.

Rated IP65 and finished in black, at 3000K warm white so it reads warm against stone, render or timber.
