Clear Glass Pendant Light

Style Industrial / Retro

Power Supply Hardwired

A bowl-shaped clear glass shade in a black iron cradle, with a banded rim and a side thumbscrew — the kind of fitting that came out of a workshop before it came into a kitchen.

Clear glass means the globe is part of the look, so a filament-style LED is worth fitting.

Standard E27 socket and a hanging chain, so the drop can be set to any ceiling and the globe changed for any other.
