

Product Name Luminara | Modern Sleek
Metal LED Wall Bar

Style Minimalist / Linear

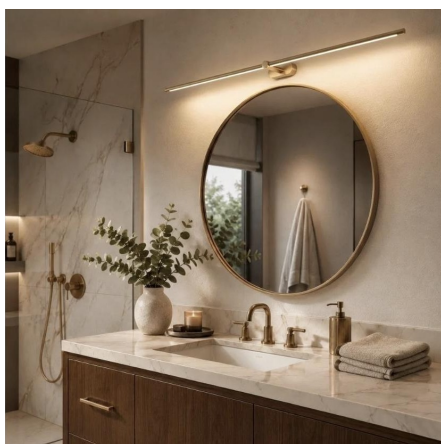

Power Supply Hardwired

A slim metal bar on a single central bracket, the LED running the length of the tube so it lights a mirror or a painting evenly from end to end rather than from one point.

Three lengths and three projections, in gold, black and gold, or brushed nickel and gold — nine size combinations in all.

Fixed warm light, or a TRIAC-dimmable version that works with a standard wall dimmer.
