Product Name	Moon Garden Light — LED Outdoor Lawn Lamp
Style	Modern
Power Supply	Plug-in · AU plug, AC 220–240V

A moon-shaped garden light with a textured full-moon surface that casts a soft, three-dimensional glow across lawns, paths, decks and terraces.

Three diameters suit garden beds through to open lawns. An energy-saving E27 LED bulb gives a warm white 3000K light and is easy to replace.

The sealed IP65 design keeps working through rain and dust. Fix the base on a flat surface, fit the moon cover and plug it in.

Basic Product Information

Product Code	AVD-MOON
Product Type	Novelty Lights
Power Supply	Plug-in, AU plug

Product Details

Material	PE Plastic

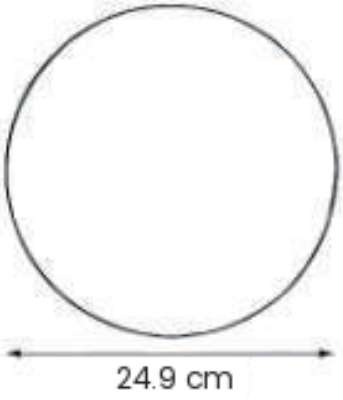

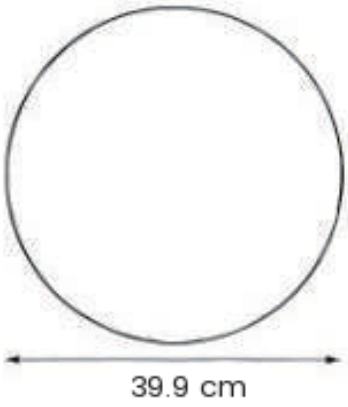

Core Specifications

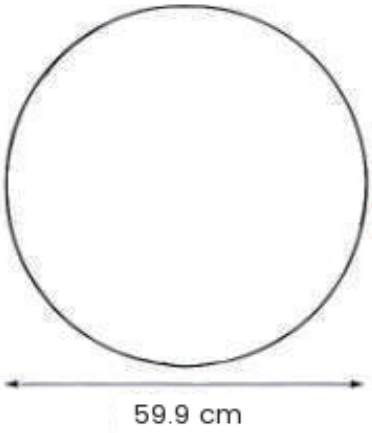

Width	25 cm
Depth	25 cm
Height	25 cm

Width	40 cm
