

Product Name Nocturne | Modern Arc Floor Lamp with LED Light

Style Mid-century / Arc

Power Supply Plug-in, AU plug

A slim stem with a curved arm that reaches out over a chair or a sofa arm, so the light lands where you are reading instead of behind you.

A two-tier fabric shade softens the output, and a weighted metal base keeps the arm's reach from tipping it.

Four finishes, 10 W integrated LED, and it arrives with an Australian plug — no electrician, no wiring.
