

Product Name Rainguard | Black Outdoor Wall Light, Up and Down

Style Modern / Minimal

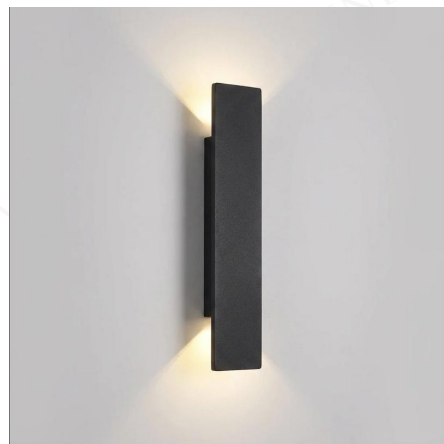

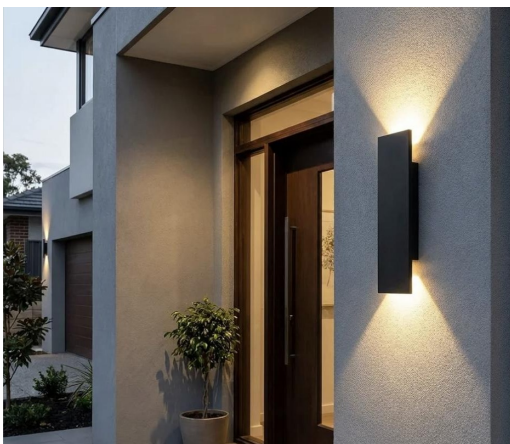

Power Supply Hardwired

A flat black aluminium wall light that throws a beam up the wall and another down it, so a facade or an entry gets two soft triangles of light rather than one flat wash.

Four wattages from 2 W to 24 W, in black or white, with warm white or cool white output.

Rated IP65 against driving rain, with an integrated LED so there is no globe to replace.

Specifications & Quality Documentation

Dimensions, materials, electrical detail and installation requirements for this fixture.

● Basic Product Information

Product Type	Up and down outdoor wall light
Power Supply	Hardwired
Mounting	Surface-mounted to the wall
Beam	Up and down
