Product Name	Solar Bollard Light — Black Aluminium Door-Frame Path Light
Style	Modern
Power Supply	Solar powered — no mains wiring

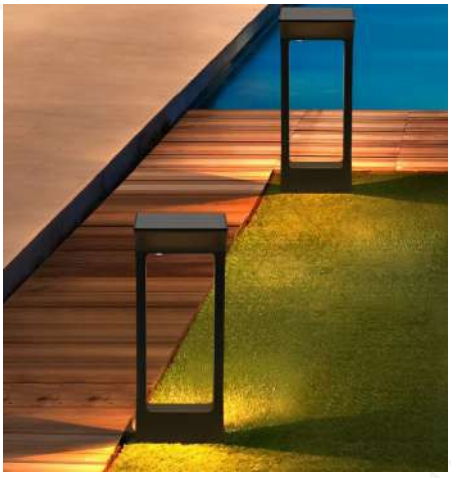

A modern door-frame solar bollard in black die-cast aluminium, made to line garden paths, lawn edges and courtyards with soft warm light every night.

Available 40 cm or 60 cm high. A 2400mAh battery charges in about 5–6 hours of sun for 6–12 hours of 3000K warm white light.

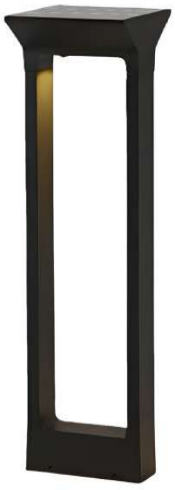

IP65 weather rated, no wiring and no electrician needed. It switches on automatically at dusk, with an on/off switch when you want it off.
