Product Name	Solar Ground Lights — Round or Square Glowing Disc Path Lights
Style	Modern
Power Supply	Solar powered — no mains wiring

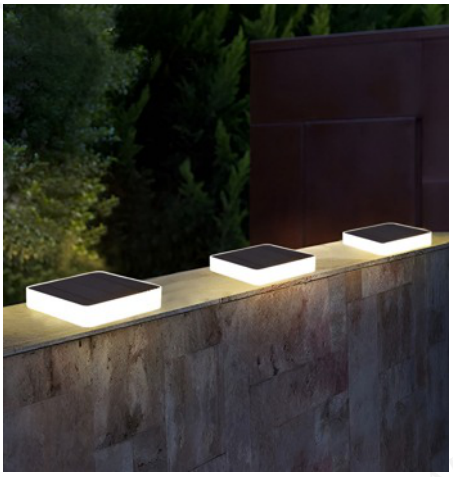

Low solar ground lights in a round or square shape, with a frosted band that spreads a soft halo of light across paths, lawns and decks.

A 5V/2W solar panel charges the 1200mAh battery in about 5–6 hours of sun for around 8–11 hours of warm or cool white light.

IP54 rated polycarbonate. Push the stake into the ground or fix the base to decking or a post; no wiring or electrician needed.
