Product Name	Solar Wall Lantern — Motion Sensor Outdoor Light, Warm Filament Glow
Style	Modern
Power Supply	Solar powered — no mains wiring

A classic lantern-style solar wall light with a warm Edison-style LED filament bulb, made for entrances, patios, fences and garden walls.

A motion sensor switches it on as you approach. The 800mAh battery charges in about 6 hours of sun for 3–5 hours of 3000K warm light.

IP65 rated ABS housing, no wiring and no electrician. Offered in five shapes, in black, with the Classic Small and Large also in white.

Basic Product Information

Product Code	AVD-SWLM
Product Type	Motion Sensor Wall Lights
Power Supply	Solar
Product Colour	Black or white
